

A 3D architectural rendering of a large, complex building, possibly a university or government building, shown from an isometric perspective. The building is rendered in shades of gray. A prominent feature is a large, curved structure in the center. To the left, there is a smaller building with a dome. In the foreground, a black rectangular box contains the text "Family-Room" in white. An orange arrow points to a small orange rectangular structure on the ground in front of the main building, which is connected to the "Family-Room" label by a black line. The surrounding area includes other buildings, some with domes, and a few trees. The entire scene is enclosed in a thin black border.

**Family-Room**
